NEW LENOX GETS U. S. GRANT

Brought Back to Stand Trial

William L. Jeffries, 26, Frankfort township, (center) has been returned to Will county to stand trial for an alleged brutal attack on a 5-year-old girl. He was arrested at Pensacola by FBI agents on a charge of flight to avoid prosecution and was brought back to Joliet last Friday by Deputy Sheriff Charles Timm (right) and Lt. Gilbert Knater (left) of the Illinois state police. Jeffries was arraigned before Circuit Judge James V. Bartley by State's Attorney Frank H. Masters, Jr., on Monday of this week and furnished with a copy of the indictment charging him with rape, together with a list of witnesses and petit jurors as is routine. Up to yesterday afternoon Jeffries apparently had not chosen an attorney. If he is unable to hire a lawyer he will be represented by Thomas Vinson, the public defender. (News-Bulletin photo)

Lions Plan Fruitcake Sale to Aid Mokena Recreation Program

Harold Rowley, chief engineer of M. H. Detrick Co., is to talk about steel at the Mokena Lions club meeting tonight in the Lincolnwood Drive-In. The talk will be accompanied by a film furnished by Inland Steel. The regular Lions dinner is scheduled to begin at 7 o'clock, the meeting will follow an hour later. William Blaha is the program chairman.

One of the things to be discussed in the course of the business session will be the sale of fruitcakes—a new venture for the Mokena club—as a means of raising funds.

Last year the Lions provided an ice rink for the Mokena Community park. They plan to enlarge the skating surface this year and to have it lighted.

The Lions also would aid the park board in its program for improvement of the park and to this end has undertaken the job of providing recreational equipment. This involves purchasing and installing approved playground apparatus for young children as well as the older youngsters.

Money for the purchase of this playground equipment is to come thru the sale of fruitcakes. According to those in charge the cakes of excellent quality and reasonably priced.

Every member of the club will be assigned to this task, as a member of the six teams to be formed. They will call on every resident of the area to solicit orders for Thanksgiving and Christmas deliveries. The campaign will begin the latter part of October.

Hold Rites for Norman Triem, Crash Victim

Funeral services for Norman P. Triem, 29, of New Lenox, automobile crash victim, were held Tuesday afternoon at 2 o'clock from St. Peter's church, Frankfort, with the Rev. Erich Bizer officiating. Burial was in St. Paul's cemetery, Monee.

Mr. Triem, who with his father, Philip, farmed southeast of New Lenox, was killed early Sunday morning, Sept. 30, when the car he was driving struck the rear end of an east bound semi-trailer on U. S. 30, approximately a quarter mile east of Gougar road, according to the report of Deputy Sheriffs Stanley Drake and William Palmer.

According to information gathered at the scene, Triem's car struck the left rear corner of the semitrailer, caromed off and traveled some 270 feet before it finally rolled to a halt in the abandoned portion of Route 30. Both vehicles were traveling east, the report states. The driver of the semi-trailer, Gordon E. Riddle, 32, of Richmond, Ind., escaped injury. He was hauling a cargo of meat. The accident apparently occurred when Triem started to pass the truck.

Besides his father and step-mother, Matilda, Norman is sur-

County Towns Division to Get Chest Drive Briefing Tonight

Some 100 volunteer workers representing the county towns division will meet tonight, Oct. 4, at 6:30 in the Woodruff hotel in Joliet to launch their part of the 1956 Joliet Will County Community Chest campaign. It is expected that more than 200 volunteers will be working in this division as they swing into action between now and Oct. 22.

E. B. Workman, probate clerk and chairman of the county towns division, will handle the special presentation of the Community Chest story given during the meeting. Highlighting the presentation will be a series of 120 color slides dramatically illustrating the narration and report of the work being done by the 17 Chest agencies servicing Will county.

Representing Mokena are William Blaha and Ray Westlund who are co-chairmen of the campaign in this township. Ted Massey who will head the drive in Frankfort, and Glen Vally, chairman for New Lenox, also will attend the dinner.

County towns chairman Workman will report that the Chest goal has been set at \$262,030. "This is \$13,968 or 5.6 percent greater than the 1955 quota. Needs of a rapidly growing community, expanded and improved services, and rising costs of business and living are reflected in this increase," Workman stated.

He will explain that the Chest goal is established by a budget committee who study receipts and expenditures of each agency during the past year as well as estimated receipts and expenditures for the year ahead. Care is taken to make sure that services of one agency are not duplicated by another and that budget allocations represent the "rock bottom" needs of the 17 agencies.

The official dates of the 1956 drive are Oct. 11-22. The county towns division starts a week earlier because of the wide rural area to be covered. The annual parade opening the drive will be held in Joliet next Thursday, Oct. 11 at 12:15 pm.

CANCER CLINIC

The regular Will-Guundy county Cancer diagnostic clinic will be held Oct. 9 and 23 from 10 to 11 a. m. Dr. Paul E. Landman, director states all patients attending the clinic must have a referral from or be accompanied by a physician or dentist.

lived by a sister Phyllis, Mrs. Robert Fosnaugh, of New Lenox township; a brother, Wayne, now in the U. S. army and enroute overseas and his paternal grandmother, Mrs. Minnie Triem.

The body was taken to the Sonntag funeral home in Joliet and brought to the church in Frankfort at 12 noon Tuesday to lie in state until services were held.

Gov. Stratton to Greet Voters at Joliet Oct. 10

"Come, chat with the Governor."

That's the invitation the Will County Republican Central Committee is extending to all voters of the county for next Wednesday, Oct. 10.

A candidate's reception for Gov. William G. Stratton is to be staged that afternoon at the Woodruff hotel. The reception will be from 3 to 5 p.m. The program is to be informal and has been arranged so that the voters can visit with the Governor.

He will be accompanied to Joliet by Latham Castle, the attorney general; Charles Carpenter, secretary of state; and Elbert S. Smith, candidate for state auditor.

Republican district and county candidates will be at the reception to greet the voters also. They will include: Circuit Clerk Paul V. Wunder, Jr., seeking to be named clerk of the appellate court of the second district; veteran Congressman Noah M. Mason; Warren Wood, of Plainfield, speaker of the house who is seeking re-election; and Louis F. Bottino, of Lockport, seeking a legislative seat from Will county. Also Coroner Willard G. Blood, County Auditor Martin Lundquist, County Recorder of Deeds, Robert L. Spreitzer and State's Attorney Frank H. Masters, Jr., all of whom are seeking re-election; and J. Elmer Swansbro, candidate for Circuit Clerk.

Refreshments are to be served at the reception. They will be handled by the women's division of the Will County Republican Central Committee headed by Mrs. Raymond (Lil) Smith.

Sheriff Roy C. Doerfler has been named general chairman of the day. He is in charge of all arrangements. C. H. Peterson, county chairman, announced.

At the reception, accomplishments of the state administration will be discussed, together with the plans for the future.

Shows Mokena-Built Mowers at Exhibit At Green Castle, Ind.

The Brownlee Company at Mokena had a booth at the 4th annual Prairie Farmer Farm Progress show at Green Castle, Ind., last Thursday and Friday. They exhibited their several machines, grass and weed cutters which they have invented and built.

Attending were Mr. and Mrs. Les Brownlee, Robert Hohenstein and Walter Bormet, workers in the local factory.

An award of \$11,400 has been made by the Housing and Home Finance agency, a federal board at Washington, to the village of New Lenox to provide that community with means to finance preliminary plans for a sewer and water system.

New Lenox is one of the few communities in the area without a public water supply. Most of the smaller towns are without sanitary sewer systems and as a result have to depend upon septic tanks and now with the state board of health making demands that such situations be remedied most communities are making moves now to install sewers.

Frankfort, Mokena, Tinley Park and Orland Park are all in need of sanitary sewers, as well as New Lenox and all are making moves to solve their difficulties.

Mokena has had an engineer make preliminary plans and an estimate of the cost for a sanitary sewer system and a sewage disposal plant. Tinley has hired engineers as has Orland Park and Frankfort is preparing to get estimates brought up to date.

Now that New Lenox has been allowed a grant to pay for preliminary plans Mayor Lloyd Berlin and the other members of the village board are hopeful that the work can be expedited so that an early decision can be made by the public.

As soon as the preliminary plans are ready and the New Lenox village board has an estimate (Continued on page 12)

Mokena Amvets Postpone Dance

The dance planned by the Amvets for this Saturday night has been postponed. The affair was to have been held out of doors, at The Shopping Bag.

When the Shopping Bag was destroyed by fire Sept. 23 that site is left without electricity. No future date for the dance has been announced. Half of the proceeds were to have been given to the Mokena volunteer fire department.

Would Ban Parking Across Street from Fire Engine House

A request that parking be banned on both sides of Front Street in front of the Mokena village hall which also houses the apparatus of the volunteer fire department has been addressed to village board by President James Marti.

Parking in front of the station on the north side of the street is not so much of a problem, it was said, as most people know that one doesn't block the door of a fire house. But there is parking opposite the village hall on the south side of the street and this presents a problem. Marti pointed out, as it causes delay in getting the fire truck turned when starting on a run.

Any delay of apparatus can be disastrous.

There was not a quorum present this week so the village board did not meet.

A Most Sensible Question

Open New Unit of Banbury Homesites Near New Lenox

Banbury, a new development
between Joliet and New Lenox,
has caught the eye of many
prospective home builders dur-
ing the summer months this
year. Oliver Realty Co. is de-
veloping a tract of 40 acres in
one acre homesites.

The residences of LaVerne S.
Brown, John B. Anderson, Jr.,
Rudolph Czichon and John F.
Stoddard are completed or near-
ly so, and the home of John F.
Magee, formerly of New Lenox,
is well under way. Half a dozen
other lots have been sold and
the owners plan to build within
the near future.

Because of the demand, Oliv-
er Realty Company last month
opened a second unit of home-
sites.

Access to the property is from
Francis Road midway between
Gougar Road and Cedar Road.

Mr. Anderson, a member of
the Oliver Realty firm, lives
on the premises and is available
for all information about home-
sites.

Mr. Anderson stated that his
company had made extensive in-
vestigation of wooded property
in the Joliet area and has come
to the conclusion that the Ban-
bury area was to be preferred
because of its proximity to the
Pilcher Park Recreational Area
and the shopping areas of New
Lenox and Joliet.

New Lenox Boy Will Be Guest At Dairy Show

Dennis Helenhouse, 13-year-
old son of Mr. and Mrs. Harold
Helenhouse, Spencer rd., New
Lenox, will represent District
2 of the Illinois Guernsey
Breeders Association at the In-
ternational Dairy show to be
held at the Amphitheater in Chi-
cago Oct. 7-10.

Dennis was chosen because
his entry won the grand cham-
pionship in the Will county 4-H
dairy division. He will stay at
the Stock Yards Inn and all his
expenses at the show will be
paid from the W. H. Odum, Jr.,
Fund.

Besides Dennis there will be
five other boys and four girls
chosen from 4-H ranks in Dis-
trict 2, who will be guests at
the dairy show. Mr. and Mrs.
George A. Campbell will serve
as chaperones. Mr. Campbell
is field secretary of the Illinois
Guernsey Breeders Association.
District 2 is made up of nine
counties, Will, Cook, DuPage,
DeKalb, Kendall, Lake, McHen-
ry and Boone.

Mr. and Mrs. Helenhouse will
take Dennis to Chicago Sunday.
He is an eighth grade pupil.

Adult Classes Open at L-W

This is the first week for
adult education classes at
Lincoln-Way. As the paper
went to press the indications
were that there would be classes
in farm wiring, clothing con-
struction, and probably classes
in typing, arts and crafts, and
welding.

Each of the probable classes
need a few more members in
order to have the required min-
imum of eight per class, it was
stated.

"If you are interested and
know anyone who is, please see
that the school is contacted at
once, as classes having fewer
than eight enrolled will have
to be canceled," a spokesman
for the school said yesterday.

The adult education program
at Lincoln-Way is operated pri-
marily as a service to the com-
munity and the school officials
are eager to provide such.

Will Open School At Tinley Park On Floral Arrangements

Eudora and Bob Watkins,
owners of the Tinley Park Flow-
er Shop, will conduct a school
of instructions in flower arrange-
ment at 6933 W. 170th st.

There will be five classes and
students may register for any
or all of them. All classes will
be held from 7 to 8:30 p.m. The
dates are: Tues. Oct. 16, general
dates and courses to be given
flower arrangement for the
home; Thursday, Oct. 18, gen-
eral arrangement of church
flowers; Tuesday, Oct. 23, spec-
ific arrangement for the home;
Thursday, Oct. 25, basic corsage
and bouquet design; and on
Tuesday, Oct. 30, Thanksgiving
and Christmas arrangements.

A small registration fee will
be charged and students will
pay only for the cost of materi-
als used.

Mr. and Mrs. Watkins are ex-
perts in the floral field and
have been in business for many
years. They will be assisted in
the flower school by Jean Knut-
son, of the Tinley Park flower
shop, who for the past several
weeks has been taking a special
course of instruction at the
American Floral Art school.
This school has graduates in
leading flower shops in all parts
of the United States and in
many foreign countries.

Build Mortuary At New Lenox

John C. Baskerville, of New
Lenox, is building a funeral
home there at the corner of
Lincoln Highway and Robert
street in Batson's Lincoln Man-
or subdivision.

It is to be of brick and frame
tri-level construction with a
frontage of 62 feet. The build-
ing will contain a four room
apartment on one level that will
be occupied by the Baskerville
family. The plans provide for
large chapel space on another
level. Ample parking space will
be provided.

E. Pfeifer and Son, New Len-
ox, builders, have the contract.
Work on the project is now in
progress. This will be the first
mortuary to be located in New
Lenox.

Mr. Baskerville, who was born
in Joliet and had his schooling
there, is a graduate of the Wor-
sham college of Mortuary
Science in Chicago and is a reg-
istered embalmer and funeral
director. He formerly was as-
sociated with Pierce Brothers
mortuary at Los Angeles and
Lain and Son in Chicago.

He and his wife, the former
Marian Carey of Joliet, have
one son, a pupil at Oakview
school in New Lenox.

Frankfort Man Bumped by Truck Hip Fractured

Paul Christiansen, 371 Nebras-
ka st., Frankfort, an employee
of the Illinois state highway
department, is in Silver Cross
hospital with a hip fracture as
a result of an accident last Fri-
day while in the performance
of his duties.

Christiansen was serving as
a flagman for a highway crew
that was working on U.S. Route
66, about three miles south of
the intersection with U.S. Route
6, approximately 11 miles south
of Joliet, when apparently he
was bumped by a highway truck
and knocked to the pavement.
The truck was driven by Arthur
Peterson, 1521 Mills rd., Joliet.

Christiansen was taken to
Silver Cross where x-rays re-
vealed a fracture of the hip.
His condition is reported as
good.

Local Youth Has Orchestra Comprised of College Students

Tom Noonan and the Serenaders orchestra is composed of a group of very busy young men, three of whom are students at DePaul University, where they are majoring in musical education. All plan to make music their career and teach after graduation.

Tom, who plays the drums and sings in the orchestra, is the son of Mr. and Mrs. John J. Noonan, 17301 65th ct., Tinley Park. His college classmates, who are in their third year at DePaul, live in Chicago. They are Frank Manna, accordionist and Bill Sprakalaitis, saxophonist. Frank and Tom, who is in his second year at the university both graduated from Leo High school in Chicago, where Tom was president of the band and was awarded a scholarship. He also received a scholarship for his first year at DePaul. In addition, he could have taken advantage of another offered by St. Thomas College in Minnesota. The three boys play in the DePaul concert band.

Tom and Bill are also members of the DePaul Symphonic Orchestra; Tom as timpanist and Bill the clarinet and saxophone. Tom's major ambition is to some day play with the Chicago Symphonic Orchestra. Frank Manna teaches accordion besides attending school, studying and fulfilling engagements.

The fourth member of the orchestra is Bob Smith, of Chicago, who plays the trombone. Bob is employed by the South Cook County Mosquito Abatement association. He is a former member of a Teen Club in Chicago, supervised by Joe McCarthy, local supervisor of the Tinley Teen club, Bob (a handsome bachelor) is a frequent visitor in Tinley.

Mr. McCarthy's son, Robert, who also is employed with the Mosquito Abatement organization, plays with group on occasions. He appeared with them, playing the saxophone, during the Tinley Fall festival. Besides

this instrument, he also plays the clarinet. He is married, the father of two sons, and lives in Orland Park.

Professional Engagements

Besides being available and much in demand for parties and weddings, the music-making youths play in leading hotels and country clubs in Chicago and the surrounding area.

Tom works part time in a downtown hotel.

Besides music, the local good-looking orchestra leader, excels in sports. He is an excellent swimmer and was on the swim team at Leo. He bowls, plays basketball and baseball and enjoys horseback riding.

He has been studying music for eight years. Besides drums, he plays the piano and trumpet.

This all-around American boy is a leader in his group. He was president of the Tinley Teen club last year. During the first Youth Week held in Tinley, where Teen club members assume the duties of public officials, Tom was mayor.

His brother Daniel is also a musician; playing the piano and organ. He has one other brother, John, and a sister who lives in a convent in Oshkosh, Wisc., Sister Francoise, who is a teacher.

The dynamic, energetic group who profitably fill idle hours, are an example of youths who in the words of the poet, they find "Life is so full of a number of things, I am sure we should all be as happy as kings."

Experimental tests recently have shown that steers fed the antibiotic, terramycin, ate less and returned an additional \$3.93 per head. In the test, the animals were given 75 milligrams of terramycin daily.

Early Frost Did Much Damage In Many States

That long range weather forecasting service which predicted cold and frosts for Sept. 20, won't forget the success of that prediction for a long time. Killing frosts in many areas Sept. 20, killed green corn in many late fields in Minnesota, Nebraska, Wisconsin, Michigan and Ohio. Loss compared to the total crop will be negligible, but many farmers will have a storage and feeding problem. At Chicago, a temperature of 38.2 degrees broke the record of 40 degrees set way back in 1918.

Soybeans are now being combined in the big producing areas in Central Illinois. Yields are excellent on a big acreage—the best yields in soybean history.

More corn every year is being harvested with picker-shell-ers. Two big advantages of this method are that harvest can start at 30% instead of 20% moisture and shelled corn occupies only half the storage space of ear corn. The big disadvantage is additional cost of harvesting and drying equipment.

More corn than usual will be put into silos this year. Frost damaged corn can be best utilized that way as can corn damaged by drouth. The advent of pit and bunker silos has increased interest in feeding silage. By utilizing all of the corn plant silage offers an opportunity for maximum livestock gains per acre.

Another new storage development meeting with considerable favor is the glass lined silo or "Harvestore" in which shelled corn with 20 to 30% moisture

can be stored. At the higher moisture content it ferments slightly like silage, but retains its full feeding value.

90 Attend 4-H Wildlife Camp

By Robert Stellwagen
Orland 4-H Club

The 4-H Wildlife conservation
camp held near Monticello, com-
bined learning with fun to pro-
vide an interesting and educa-
tional experience for all of us
fortunate enough to attend. Ap-
proximately 90 boys from all
parts of the state were there.

There was always plenty to
do. In the mornings we heard
talks by experts in various fields
of conservation and forestry.
Some of the topics were: Up-
land Game, Tree Identification,
Pond Management, and Timber
Management. We also had op-
portunities for discussion and
questioning. Among the high-
rifle practice, archery, and shot-

Buy Winter Hay Now Is Advised

Illinois dairy farmers who
put off stocking up on their
winter supply of hay may be
left "holding the bag."

E. E. Ormiston of the Depart-
ment of Dairy Science, Univer-
sity of Illinois, says that hay
is now selling at a depressed
price, but he predicts that this
picture will change soon.

Ormiston points out that
abundant rains in east central
Illinois and west central India-
na have caused a temporary
surplus of hay, which means
low prices right now. He fig-
ures that the effects of a drought
in western Illinois, Iowa and
Missouri will soon cause the de-
mand to more than catch up
with the supply.

Another factor to consider is
that in most years hay prices
advance from midsummer until
January or February.

At the same time, Ormiston
warns that farmers who buy
"bargain basement" hay have
two strikes on them before they
go to bat. He says that the dairy
man planning to "get by" on
low quality roughage is de-
feated on these counts: (1) the
cow will not eat it in large
quantity, and (2) what she does
eat is low in nutrients and has
reduced feeding value.

Ormiston claims that leafy,
green, fine stemmed hay may
have from 25 to 100 percent
more protein, minerals, vitamin
and net energy than coarse hay
that has been allowed to be-
come too mature before cutting
or has been damaged by rain
or sunburn so that the leaves
are lost.

As Ormiston puts it, "If a
dairyman has an abundance of
high quality silage and hay, his
feeding problem is about solv-
ed."

Joyce Witherspoon Becomes Bride of Richard G. Thomas

The Church of Christ in Tinley Park was the scene of a lovely late afternoon wedding, Sept. 22 when Miss Joyce Witherspoon, daughter of Mr. and Mrs. James H. Witherspoon, Sr., of 16839 Oak Park ave., Tinley Park, became the bride of Mr. Richard G. Thomas, son of Mr. and Mrs. Ralph Thomas, Sr., of 167th st and 100th av., Orland Park.

The Rev. Walter Leeper read the double ring service before the decorated chancel.

Mrs. Melvin Rensink, at the organ, accompanied Lavern Seynerd when he sang, "Because" and the "Lord's Prayer".

The bride was escorted by her father and wore a gown of ball-erina length of nylon net over taffeta with Chantilly lace trim. The bodice was made with a Victorian neckline and her finger-tip veil was caught by a coronet made of seed pearls and silver sequins. She wore a single strand of pearls, the gift of the groom.

Janice Thomas, sister-in-law of the groom was matron of honor. She was gowned in apple green nylon gown. Both carried a colonial bouquet of white orchids and gladioli.

Margene Moore was flower girl and wore a yellow nylon

batiste dress and carried a basket of yellow baby mums.

Ralph Thomas Jr., served as best man for his brother and Eric Bleydorn and Daniel Ziem-brec were ushers.

Mrs. Witherspoon, chose a gown of honey bieve with white accessories for her daughter's wedding, and the groom's mother, wore a turquoise lace gown over satin with black and white accessories.

Little Marl Witherspoon, the bride's younger brother who was to have been ring bearer was unable to be present due to illness.

Special guests were the grand-parents of the couple, Mrs. L. Thomas, Harvey; Mr. and Mrs. S. C. Childs, Fountain, Fla.; Mr. and Mrs. August Voss, Lawrence, Mich.; and Mr. and Mrs. John Witherspoon, Blue Island.

Following the service a reception was held in the home of the bride's parents where a buffet supper was served.

The young couple spent their honeymoon at the home of the bride's grandparents in Lawrence, Mich.

The bride was employed by the Western Union Telegraph co., and the groom is a clerk in the office of the Milwaukee railroad.

Louise Scheer, Frankfort, Weds

Miss Louise Scheer, daughter of Mrs. John Scheer of Frankfort was united in marriage with Mitchell Van Der Aa of Chicago Heights, Sunday afternoon at 2:30 o'clock in the St. Peter's Evangelical church in Frankfort. The Rev. Erich Bizer officiated.

Miss Scheer wore a brown street length dress and had a bronze chrysanthemum corsage. The couple was attended by Mrs. Theodore Segert and Ralph Rapp, both of Chicago Heights.

Mary Stahl, Ronald Elder Exchange Vows

Mr. and Mrs. Ralph Stahl, Sr., of Mokena announce the marriage of their daughter, Mary Ellen and Ronald Elder, son of Mr. and Mrs. Ted Elder of Villa Grove, Ill.

The wedding took place in the Methodist church at New Lenox Saturday evening, Sept. 20 at 7 o'clock. The pastor, the Rev. George Martin officiated at the double ring ceremony. Mrs. Martin sang, "Because" and "The Lord's Prayer."

The bride was escorted by her father and wore a gown of white lace and net. Her finger-tip veil was caught by a cap of flowers and she carried a bouquet of white carnations.

Mrs. Louise Stahl, matron of honor wore a blue taffeta gown with white accessories, a head piece of flowers and carried a bouquet of pink carnations. Ralph Stahl, Jr., brother of the bride was best man.

A wedding dinner, following the service, was held in the Lincoln-Way restaurant. The young couple left that evening for a motor trip of several days with his parents at Villa Grove. They have gone to housekeeping in a home located on 143rd st. in Lockport. The groom is a member of the state police force detailed to the Joliet district.

Lincoln-Way Defeats Bremen 20-12

Wade Thrills Crowd With 96-Yard Gallop For Third Touchdown

By Denny Wheeler

Ed Woodward and Morris "Red" Wade combined efforts to lead Lincoln-Way to a sensational 20-12 victory over the Braves of Bremen last Friday on the Lincoln-Way turf.

All three of the Knights touchdowns were scored by defensive linebacker Morrie Wade. He scooped up two fumbles and ran back an interception 96 yards to climax a most thrilling contest.

Each of these three touchdowns was precipitated by the aggressive defensive play of "Woody" Woodward.

Midway in the first period, a Lincoln-Way put the Braves deep in their own territory. A few plays later, Woodward hit a Bremen halfback with a crashing tackle which jarred the pig-ski free. Wade scooped up the ball and streaked over for the first score. Ron Studnicki ran around right end for the extra point and the Knights led 7-0.

Stelmach Bulls thru

In the second quarter, Bremen put together a powerful drive led by All-Conference fullback George Stelmach. The drive was climaxed when Stelmach barreled over from six yards out. The Braves missed the extra point and the Knights held a slim 7-6 margin.

After halftime intermission, Bremen received the kickoff but could not move. Lincoln-Way took over and moved deep into Brave land until a 15 yard penalty stalled the drive. Bremen took over on their 20 yard line.

On the first play, the Bremen quarterback started around right end, but was smeared by Woodward. The ball was again shaken loose, and again Wade picked it up and raced to paydirt. The conversion failed. Lincoln-Way 13, Bremen 6.

A few moments later, a long run carried the Braves to the Knights' four-yard line. Stelmach responded with a smashing run into the end zone. The kick was wide so the Knights still led 13-12.

The Knights were stopped cold after the kickoff and Bremen took over. Aggressive line smashes and fine clutch runs highlighted a great Brave drive to the Lincoln-Way six. However, a pass from center was fumbled and the Knights recovered.

But the Knights couldn't get past the 10, and Wade punted to the Brave 38.

Runs 96 Yards

Once again Bremen moved hard. But another fumble saved Lincoln-Way on the two foot line. Ron Fredin ran to the 6. Red Wade made the first down, but Ron Studnicki fumbled on a line smash and Bremen took over on the 18. Three plays moved the Braves to the five yard line. Then as a Bremen halfback drifted to pass, Woodward rushed in and the pass was far short of the received. yard line and then took off on Wade intercepted on the four-a 96 yard return for the game-clinching score. Rich Bailey kicked the extra point and L-W won 20-12 amid pandemonium.

The Knights have now won two of three and are even in conference play. They have outscored their opponents 51-44 in three games well calculated to give Coach Jonas Lashmet ulcers.

Tomorrow the Red and Black meet the Rockets at Rich township. The Knights are moving in high gear and their fans sense a big year in the making.

One unfortunate note is that guard Garrett White was injured in the Bremen game and will be lost to the Knights for the season. This is a tough break because Garrett has been playing fine ball this season.

Lincoln-Way Frosh Lose to Bremen 14-6

The Lincoln-Way Frosh-Soph football team lost to the Bremen team Saturday morning by a score of 14 to 6. Bremen dominated the first half with two drives to score. In the third quarter, quarterback Hughes pitched out to Dave Donaldson who circled left end and dashed 48 yards and the Lincoln-Way touchdown. Ron Daugherty played an outstanding defensive game.

Ex-Cub Hurler Will Address Frankfort PTA

Guy Bush, former star pitcher for the Chicago Cubs, will be the speaker at the Frankfort Parent-Teacher association meeting Oct. 10, which starts at 7:30 p.m.

The former baseball star won a total of 177 games during his professional career with five major league clubs. He joined the Cubs in 1924 and played with the team for 12 years.

For the past six years, he has been employed in the public relations office of a sporting goods firm.

In addition, he has been conducting baseball schools, promoting Little, Colt and Pony leagues and appearing before large groups at various meetings.

Fathers will be hosts at this meeting. All boys of baseball age are welcome to attend, but must be accompanied by parents.

Rich Downs Sandburg Varsity 13-6 to Share in League Lead

Rich township high school edged Sandburg Saturday before the largest opening football crowd in history 13-6 to remain undefeated in conference play and dump the Eagles from their first place standing.

Rich scored in the first quarter on a sustained drive as Buchmeier piled over for the touchdown and the extra point. Rich led at the quarter 7-0. In the second quarter, Rich put on another drive of 60 yards to score again but the extra point was missed and Rich led at half time. 13-0.

In the third quarter, Sandburg's offense began to click with passes from Sanderson to Gorman twice good for big yardage. Siemsen piled over from three yards out, the attempt to run the extra point failed and Rich led 13-6 as the third quarter ended.

With two minutes left in the game, Rich was forced to kick to Sandburg and Sanderson took the ball on his own 40 yard line and ran the ball all the way down to Rich's 15 yard line. The punt return of 45 yards was one of the prettiest exhibitions of broken field running seen on the Sandburg gridiron in some time as would-be blockers were left in the wake of Sanderson's twisting, turning return. Sandburg drove to a first down on the three with less than a minute to go and time was running out with a tie in the making.

Two cracks at the line placed the ball on the one foot line with time for one more play. On the last play of the game, with the huge crowd on its feet and bedlam breaking loose, a plunge up the middle for the tying touchdown went awry as the ball was fumbled on the one yard line. Rich was the final winner 13-6. Last year, Rich swamped Sandburg 41-0 emphasizing the tremendous progress made by the varsity squad this year.

Rich's very fine Freshman-Sophomore team ended Sandburg's hopes of an undefeated season as they trampled the young Eagle squad 27-0. Sandburg was out of the ballgame early as Rich steamrolled to two quick touchdowns and Sandburg, after an opening drive failed were unable to get their offense rolling against the hard charging Rich line. After an opening tie with Elmhurst and a win over Bremen, this loss to Rich now brings the frosh-soph record to one win, one loss, and one tie.

Tomorrow night both Sandburg teams journey to Reavis where they will entertain Reavis in a night doubleheader beginning at 6:30 p.m.

Sportabout

by JACK MAYPOLE

During the recent Chicago Bears-Cleveland Browns football tilt at Chicago we got to looking for evidences of the "brilliant field generalship" so often accredited by writers to professional team quarterbacks.

We finally located the "generalship" on the bench of the Browns where Coach Paul Brown sat with a walkie-talkie and two husky, young men as companions. For a while Paul talked into the radio which, we were informed, sent a direct message to the quarterback.

After a few play the quarterback got dumped squarely on his noggin, an event which seemed to create several kinds of static. His "generalship" seemed at loss as he stalled for time.

Brown was prepared for such an emergency. In went one of the young men with an order. On the next play this man came out and another went in with another order. And so it went through the game. So far as we could see the only independent action the quarterback was permitted was to hitch up his pants now and then.

But, who are we to question the strategy of the pros? They are out to win and will use all means possible despite our feeble opinion that the games are strictly between coaches and not between players.

This matter of using radio does intrigue us however. The electronic age is truly here but it seems to have its drawbacks on the gridiron. Violent young men opposing the wearer of the radio equipment still are prone to single him out and bop him about more than is customary to disrupt his antenna. This, in turn, makes quarterbacking an increasingly hazardous position. In the future the spot may call not so much for brains as for the brawn to stand up under the punishment.

It also presents other intriguing possibilities. Will coaches start to steal the plays by interception on the same wave length? Will coaches be forced to go before the federal communications commission and ask for private wave lengths? And

Business and Finance

Maurice P. Angland

The movement toward "automation" or the substitution of power machinery and other mechanical processes for human energy has been going on for a long time in this country.

An indication of this progress is had from comments appearing in the press about 1850: "The following Act to Protect Apprentices in Manufactories—is now before our Legislature: No child shall be employed in any manufactory or workshop within this State (New York) who shall not have attained the full age of ten years, and be able to read and write. No child shall under any circumstances labor more than ten hours in any one day."

The complaint is often heard that previous generations have had wondrous investment opportunities that are not available today. No doubt this same complaint has been common down thru the ages as each generation criticizes its predecessor.

Facts are that this generation is going thru what will no doubt be known as a Scientific Revolution with greater investment opportunities than were ever enjoyed in the history of the world.

The investor of a hundred years ago, had to work by hunch and shrewd guesswork as the radio, telephone and organized gathering of financial data did not exist. It was sometimes said that a successful business man was a man who could make shrewd guesses of insufficient information. He usually had no accurate knowledge of markets, either for sale or purchase, outside of his own particular area. There was no Federal Reserve System and interest rates might be 6% in one area and 12% 100 miles away. To make a 100 mile trip was a real venture.

Today's investor can secure accurate and up to date information on particular industries and companies in those industries for comparative purposes. The Mutual Funds offer an opportunity for the small as well as large investor, to take advantage of continuous professional investment management that did not exist until comparatively recent years.

The material and physical progress in the United States is brought somewhat in focus by an excerpt from a recent issue of "Reporter" of the Ryan Aeronautical Company:

King Solomon, ancient king of Israel, and George Washington, our first President, lived nearly 3,000 years apart. Yet both wore hand-loomed clothes, used animal oil for light, wood for fuel and rode horsedrawn vehicles. And, Washington died only 160 years ago."

It would be most difficult to place a precise finger on reasons for our rapid progress. DuPont Company's new booklet, Science in Industry, expresses it as follows:

"Future historians seeking the causes of this unparalleled progress, may well focus their inquiry upon industrial organization. For this has become the principal instrument for making science the servant of man. As much as any single force, industry has translated knowledge into human good, raising man's livelihood from subsistence to abundance."

Sitting tight investment-wise and doing nothing as events pass by is a very easy thing to do, and it is doubtful that there has ever been a time when there were not a great many perfectly logical and seemingly convincing reasons for a person to do nothing. Investors waiting for a period when the outlook is clear, will probably do nothing. There is always some risk to any investment and there is also a risk in remaining in a cash position.

The Women Society of the Methodist church will meet at the church parlors for their monthly meeting, Wednesday afternoon, Oct. 10. Mrs. Alfred Krapf, Mrs. Elmer Bettenhausen and Mrs. William C. Bettenhausen, Jr., are program chairmen. The topic will be "Volcanoes," in Southeast Asia. Plans have been made to have their annual turkey supper and bazaar, Thursday, Nov. 1. Serving will be at 5, 5:30, 6:15 and 7:00 p.m. Mrs. Clarence Johnson is kitchen chairman, Mrs. Earl Bettenhausen dining room chairman and Mrs. Elmer Morrison ticket chairman. Tickets are sold in advance, no tickets will be sold at the door. For your tickets, call one of the following: Frankfort phone 2615, 2235, or 2231; Peotone phone 3782 or 2415, and Manhattan phone 203-L, 309L or 278L. The supper will be family style.

Mr. and Mrs. Elmer Morrison entertained at a 5 o'clock dinner last Sunday evening at their home to honor the birthday of the Reese Morrison family and their son, Reese. Guests were:

The track ahead is clear, when you have a savings program. Whether you want to plan ahead to retiring early or want to make sure the children will get a good start . . . you can work it out with regular savings.

Mr. and Mrs. Ray Bisking and family both of Peotone; and Mr. and Mrs. Ralph Morrison of Joliet. The two boys of the Reese Morrison, Michael and Steven had spent the week before with their grandparents, the Elmer Morrisons and returned home that evening with their parents.

Mr. and Mrs. David Dralle are the parents of a son born Sept. 24 in Silver Cross hospital. The baby has been named Bradford Jay. He weighed nine pounds 13 ounces. Mrs. Dralle and the baby returned home last Friday.

Mr. and Mrs. Herman Butt of Fairbury, Neb., called on Mr. and Mrs. William Rahm, and were their dinner guests last Tuesday evening.

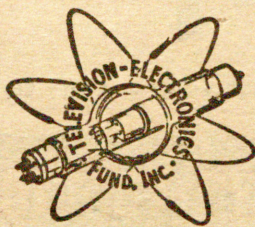

Mrs. Carrie Schwartz of Joliet is a house-guest of the William Rahm for several weeks.

Mr. and Mrs. Franklin Christiansen and Mr. and Mrs. Scheril Rahm and families were dinner guests of Mr. and Mrs. William Rahm last Sunday evening.

Mr. and Mrs. Floyd Krapf entertained Mr. and Mrs. Charles Krapf Saturday evening at their home.

Mahogany trees are cut by the light of the moon because they are then freest of sap and of richer color.

Winter rye seeded after mid-August is probably the best bet for an emergency pasture seeding.

This specially-equipped Buick, one of 13 used by the Chicago, Burlington and Quincy railroad, is equally at home on highway or railroad. The dual-purpose car is fitted with front and rear flanged wheels, shown here in raised position for highway operation. The wheels can be lowered hydraulically for use on the railroad tracks, with the regular rear wheels providing traction. The Burlington uses its fleet of eight-wheeled Buicks for inspection of branch lines, going across country via highway from the end of one spur to another.

CARL SANDBURG HIGH SCHOOL

Cookies, cake and other baked goods are prepared on days when the entree is not oven cooked.

The food preparation starts at 6 a.m. to be ready for the 1st line at 11:00.

Foods are served on china plates with salads and desserts on side dishes. All dishes and silver pass through this dishwasher for cleaning and sterilizing.

(Balance of cafeteria articles omitted from last week's issue. Carl Sandburg High school participates in the National School lunch program. The primary aim of this program is well nourished children. It is and educational program, a natural laboratory where students are forming eating habits which they will carry with them thru life. Good Diet is Good Insurance for Good Health. The lunch served is a set menu with a very limited choice. The cost to the students is 35c. The federal government contributes

5c for each student meal. In addition to this, surplus commodities are received each month. Foods which have been supplied in sufficient quantity to fill our needs in the past completely are: dried milk powder, butter, peanut butter, cheddar cheese, dried beans, and shortening. In addition to these we have received smaller amounts of salad oil, lard, tomatoes, grapefruit, dried apricots, concentrated orange juice, rice canned pork and gravy, canned pork luncheon meat, and canned hams.

The hot lunch program is non-profit but attempts to be self-sustaining. Operating expenses are food, paper and cleaning supplies, and labor.

We also have the special milk program which is a subsidized federal program. Due to it we are able to serve 1-3 quarts of white and chocolate milk to the student for 2 cents. The 1-3

quart of milk is included in the 35c lunch.

Students in Cook county consumed in 1954-55 school year an average of 17 quarts of milk per child per school year. In order to have an adequate diet with a proper amount of milk, the average should be 45 quarts per students per school year. We were happy and proud that Carl Sandburg students averaged 48 quarts that year. Since then we have changed from 1/2 pints to 1-3 quarts and our consumption has increased.

300 Attend Opening of Rayson Headquarters in Blue Island

Mr. and Mrs. Leland H. Rayson, of Tinley Park, greeted 300 people who attended the opening of his campaign headquarters in Blue Island last Saturday afternoon.

From Tinley Park were village trustee Joe McCarthy, Mayor and Mrs. Jeffords and police chief Harold C. Moore and Mrs. Moore.

Members of the Tinley non-partisan group working for the election of Rayson for state senator from the 6th district, who assisted in the open house were Selby Hirsch, Mr. and Mrs. Les-

lie Johnson, Mesdames Bagby, Seeley, Elliott, Cheney, Ernst, Baker, Bell, Mason, Miller, Freitag and Putenar.

Miss Doris Carpenter and Miss Ann Rayson, daughter of the candidate, also helped serve refreshments, supplied by the Independent Voters of Illinois who are endorsing the candidate.

Representing this organization were Mr. and Mrs. Howard Fulton and Jim Davis, of Harvey, chairman, who addressed the group. Another speaker was Frank X. Downey, candidate for state representative of the 2nd

district. Mr. Downey opened his campaign headquarters in Oak Lawn the same evening.

Also present were Anthony Scariano, candidate for state representative of the 1st district and J. E. Brunswick, an attorney in Blue Island who is in charge of the campaign headquarters, also Bill Boyd, of Blue Island, and Mr. and Mrs. Harry Clarke. He is Democratic committeeman of Bremen Township.

Al Scheeley, an attorney in Chicago and former classmate of Mr. Rayson at Northwestern University, was master of ceremonies.

All of the candidates made welcoming speeches and music was furnished by three students from a local music school.

At the request of Richard B. Austin of Flossmoor, Democratic candidate for governor, Mr. Rayson conferred with him last

Sunday on local issues. In the private council, they discussed what could be done by legislature to solve local problems.

Here Today!

came the magic that made possible so wonderfully different a Ford. In the toughest on-the-road tests ever given to a car, this "Inner Ford" demonstrated that a '57 Ford rides you sweet and low... that it takes the bumps without a bobble, the curves without the pitch... and, that in power, it "takes nothing from nobody!" Nothing on wheels hurries, handles or holds up like a Ford!

A new kind of FORD with the mark of tomorrow

You're in for a thrill when you see this new knock-out named Ford! But save your superlatives till you drive it! That's where the fun really starts.

It's fun just knowing that others who see you wish they were you. For you're commanding the longest, lowest, heaviest, biggest car ever to sport such a low price tag. There's head room to spare for a new fall bonnet... stretch-out space for a "Daddy Longlegs."

You'll find that the tough and ready new "Inner Ford" is built to take the roughest road you'll care to travel. New outboard rear springs and ball-joint front suspension let Ford take the turns without the tilt. New swept-back control arms help take bounce out of bumps.

Best of all, Fords library-like quiet is built in. And the new "Inner Ford" is why. For never be-

fore in Ford's field has there been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry.

You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up!

So there's the new kind of Ford. Big! Gracious! Spacious! A luxury car true—but one that any new-car buyer can easily afford. Come in! See what wonder-cars you can buy now at low Ford prices.

The Fairlane Fords for '57, like the Fairlane 500 models, have no equal... no counterpart, in the low-price field.

TODAY'S meditation

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

One God and Father of all, who is above all, and through all, and in all. (Ephesians 4:6.) Almighty God is in the heavens, above all He has created. Nothing can contain Him, not even the Holy Temple once built for Him by Solomon. Yet God is actually in us lowly creatures who are formed of dust. This is a wonderful thought, almost beyond belief. The Bible assures us of it.

However, it is only when we have buried our own selves and become new creatures in Christ Jesus that God can have His dwelling in us. As God is in His holy temple, so He is also in us as we become temples of God through faith and new life in Christ, our High Priest.

This being the case, what have we to fear further from the world and the attacks of evil? We are sure of victory; for if God be in us and for us, who can be against us? He that is in us is greater than he that is in the world. God's name be praised!

PRAYER

Father in heaven, fit each of us to be Thy dwelling place. Draw nigh to us and dwell in us. Thou and Thy Christ and Thy Holy Spirit. Make us certain of Thy presence. Help us to take encouragement from Thy nearness when doubts and trails befall us. In the name of Christ. Amen.

THOUGHT FOR THE DAY

"Whosoever shall confess that Jesus is the Son of God, God dwelleth in him, and he is God." Max Zaleman (Israel)

Christian Science Churches

God's healing and redemptive power will be emphasized in Christian Science services Sunday, October 7.

The Lesson Sermon entitled "Are Sin, Disease and Death Real?" will include the following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (472:24-30): "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made. Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human, erring belief, until God strips off their disguise. They are not true, because they are not of God."

The Golden Text is from Psalms (67:1,2): "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations."

Mr. and Mrs. William Donohue are the proud parents of a daughter, Nancy Carol, who was born the last week of September in Little Company of Mary hospital. She weighed nine pounds at birth. Mother and daughter are fine.

Yesterday the Cub Scouts had their second meeting of the year since school started. The boys met at the home of their Den Mother, Mrs. Yomans and then went to the forest preserve to observe nature lore.

Last Saturday Mr. and Mrs. Mose Hegyi spent their first night in their new home on Redondo. Monday morning Kenneth Hegyi entered Carl Sandburg high school as a freshman and his younger brothers and sisters attended Orland Park grade school. The Hegyi's twin daughters Carol and Caren Von See entered the third grade, Mrs. Gowers class. Mark Von See is in the fourth grade, and Norman Hegyi joined Miss Moniacis' fifth grade class.

Wilbur Eckel has completed his stone planter boxes at the front entrance to his home and every one is commenting on how lovely they look.

Any one who is interested in giving away odds and ends may still contribute to the rummage sale today as the sale starts tomorrow at 7050 S. Halsted st. Thank you.

List Committee For Jamboree at Tinley Park

Mrs. Raymond Anderson, general chairman of the 1956 Tinley Park Girl Scouts Jamboree has announced the committee women chosen to assist her.

They are Mrs. Forrest Warner, Mrs. Z. J. Blitvich, and Mrs. John Rooney on refreshments; Mrs. Walter Zawadzki, play direction; Mrs. William Matson, displays; Mrs. H. VerWey, programs; and Mrs. George Chodl, publicity.

The Jamboree will be held Sunday, Nov. 4, at 2 p.m. in the auditorium of the Tinley Park school. All parents and friends of Scouts as well as those interested in Scouting are urged to attend this event. The displays being prepared as well as the program to be presented, promise an afternoon of interest to all. Each of the 12 troops in Tinley Park, which include Brownies, Intermediates and Senior Scouts will take part in this Jamboree.

Does Your Youngster Spend Too Much? Magazine Makes Survey

Ever wonder if your youngster spends more than other children his own age? Today, report the editors of "Changing Times", the Kiplinger magazine, children handle more money and take spending money more for granted than ever before.

To see how your youngsters compares with the average, here are figures showing what children spend each week and where the money comes from.

Age	From parents	Earned	Total
8-9	\$.30	\$.40	\$.70
10-12	.70	.60	1.30
13-15	1.60	1.40	3.00
16-18	4.20	3.20	7.40

In the youngest age group, candy, ice cream and sodas account for the largest expenditures. In the 10-to-12 age group, movies become a standard expense. Spending money on records and hobbies becomes a regular item for the boy between 13 and 15, while his female counterpart starts buying cosmetics, minor items of clothing and costume jewelry. Dating is a heavy expense for boys in their late teens (16 to 18), while outlays for beauty and adornment climb in the girls' budgets.

According to the editors, 81 per cent of all youngsters receive formal allowances. Another 16 per cent get informal ones - varying sums at irregular intervals with which to cover their expenses. Only 3 per cent get no allowance of any kind. Getting a regular sum and making it last is the only practical way, say money-management experts, to teach children to make choices and assume responsibility in financial matters.

About seven out of ten children earn some of their money. Young ones get it chiefly from paid household chores. Older ones baby-sit, usher in movie theaters, clerk in five-and-tens on Saturdays. Encouraging the youngsters to earn some of their money is good training, but they should do some household tasks without pay.

An Illinois Boon

Did you know that in 1956 the Rock Island will pay the state of Illinois \$1,472,236.00 in taxes?

That's a lot of money. But then Illinois is a lot of state, and as a good neighbor we expect to do our share in meeting such civic expenses as school operations, road building, even salaries for city, county or state officials.

So we pay our taxes cheerfully and hope to continue doing so for many years to come.

There is this to add:

Whenever you see a ROCKET FREIGHT train roll by loaded with products and materials of all kinds

—or watch a sleek looking ROCKET glide swiftly over the landscape carrying a goodly number of passengers

—be glad!

For, remember, some of the revenue these Rock Island trains earn eventually becomes tax money to be paid to Illinois to help it continue to live... and to grow... and to prosper.

Mokena Public School News

Collected by Betty Lehmann
First Grade

Mrs. Pester reports that she has 31 pupils, 14 girls and 17 boys. The Ladybug Song is their theme song. They now know 7 words and have just learned their numbers 1, 2 and 3.

Second Grade

Another new school year, and 38 eager children learning what

it is like to be in the big school on Carpenter st.

Everybody has many questions to ask when they open their new Science books and read about the earth and its size and shape. The children hope to learn many, many things about our earth, so by the end of the year they should be experts on the subject. Mary Burke, teacher. (No news from third grade)

Fourth Grade

The fourth graders have been adding deserted bird nests a wasp's nest, bark showing insect tunnels and many interesting rocks to their science table. On Friday, Sept. 21, we had a hobby show and after judging, a blue ribbon for first prize was awarded to Robert Horras for his collection of match book covers. Second prize, a red ribbon, was awarded to Dale Westlund for his hobby of model airplanes.

Fifth Grade

There are 34 pupils in this grade. They have an interesting ant colony in a jar. They also have a new pet goldfish named Goldie.

Sixth Grade

The 18 boys and 18 girls of the sixth grade are working with Mrs. Martens to beautify their room by a unique fall display. Besides many plants, they have goldfish, turtles and guppies, and hope to add to their collection soon.

Seventh Grade

There are 26 children in Mr. Wrath's class. Everyone in our grade is working on the Bievle Safety Pester contest. Three girls from our grade made the volleyball team Judy Hemmrich, Carol Sherwood and Ann Lembke. The following seventh graders are in choir this year: Dennis Porick, Carol Sherwood, Jean Wallsehlaeger, Danny Wilkams, Betty Lehmann, Jean Kozumplik and Nancy Biserove.

The eighth grade was glad to welcome into their ranks three new students this year. Ronald Cramer, who comes from Pontiac, Ill., Michael Sheridan from Chicago and Susan McCreary from Danville, Ill. Ronnie Morris has also returned to us after having to leave last spring in order to help his grandparents who had become ill. As this goes to press, we are sorry to hear that Ronnie's grandfather has passed away. We have at the present an enrollment of 34 students.

The diagnostic laboratory at the University of Illinois College of Veterinary Medicine tests blood samples for brucellosis and leptospirosis in cattle and swine and for pullorum disease in poultry.

LINCOLNWOOD

Dolores Anderson,
phone 3651 New Lenox

The Schmuhl school community club met Friday night, Sept. 28 for their first meeting of the new term, in the school. Mrs. Roy Peterson, outgoing president, opened the meeting, and officers for the new year were elected as follows: President, Mrs. Edwin Meyer; vice president, Mrs. Etta Kooyenga; and secretary-treasurer, Mrs. Vernon Newsome.

A bakery sale was planned for Saturday, Oct. 13, the place and time to be announced later. Plans were discussed for having a Halloween party at the next meeting. The group discussed getting new encyclopedia for the school, and Mrs. Gladys Roth, teacher, was empowered to go ahead and order a set.

Refreshments were served by Mrs. William Stoner, Mrs. Clare Newman and Mrs. Roy Peterson. The Lincolnwood Hills Civic association will have a potluck supper Wednesday Oct. 10 at 6 o'clock in the Schmuhl school. The community is invited to attend, and are asked to bring a dish to pass, silverware, and the children. Coffee and milk will be served. A short meeting will be held after the supper to plan a hayrack ride for the children for Halloween.

Members of the Civic Assn. board met Friday night in the home of Mr. and Mrs. Richard Pokorny to plan for the supper. William Hocker president, presided.

Cub Scouts

Pack 41 Cub Scouts, held their Pack meeting Tuesday night Sept. 25 in the Schmuhl school. The Cubs displayed their ant colonies, foods, bees and their leaf collections in keeping with their work on Nature Lore, and each boy gave a two minute talk on animals, birds or insects.

Awards were presented by Clare Newman, in the absence of Mr. Vernon Newsome, Cubmaster, to Randy Konkell, Wolf badge and gold arrow; George Pokorny, gold and silver arrow; Michael Newman, gold arrow; and Eddie Meyer, gold arrow.

Games were played under the supervision of Mr. Newman, while the planning meeting was going on. Mrs. Newman had charge of the refreshments.

Members of Den 1 of pack 41 Cub Scouts with their Den mother, Mrs. Clare Newman and assistant, Mrs. Leonard Konkell, at the invitation of Dr. Ralph Wright, visited the biology lab at Lincoln-Way high school Saturday afternoon in place of their regular meeting.

NEW MINES — MORE COAL!

In the last five years 220 large coal mines—each with a daily capacity of 500 tons or more—have been opened or placed in development. These new facilities, plus other developments, have a productive capacity of 280 million tons a year.

Reflecting the rapid expansion of barge transportation of coal, some 202 docks for loading

and unloading of bituminous have been built on western waterways.

PRIVATE SALE OF COAL

Howard N. Eavenson's book on the American coal industry quotes this advertisement from a Richmond, Va., newspaper in 1818: "We offer at private sale, about 25,000 bushels of coal, to be delivered in quantities to suit purchasers."

PAULIST FEATURE SERVICE
By J. Edgar Hoover

Delinquents are not born. They are the products of neglect, the victims of indifference. Recently policemen informed the father of a fifteen-year-old boy of his son's first criminal offense. This father replied, "If he doesn't straighten himself out, he should be put in reform school." It is amazing that any parent should expect a child to straighten himself out, when the parent has made no effort to teach and train the youngster in the meaning of good citizenship.

The family is the first great training school in behavior or misbehavior. There children are taught what is right and wrong. In the home the child learns that others besides himself have rights which must be respected. There he learns respect for others, respect for property, courtesy, thoughtfulness and reliability.

It is in a home, united by the spirit of family prayer, that the child develops an understanding of man's dependence upon God. He learns the necessity for obeying God's law, and the laws of the community, which are but a reflection of that higher law.

But the youngster must also be trained in good habits which are the foundation of good conduct. This means parental discipline. "Spare the rod and spoil the child" is still a timely and worthwhile guide.

Yet there are modifications of this guide. Certainly punishment should not be inflicted when a parent is angry—when brutal and unreasonable punishment may follow. On the other hand, children can sense the vacillations of parents. They will exploit wishy-washiness to the hilt. Parents who cry, "If you do that again, I'll . . ." and then do nothing, have little control over their children.

Avoiding punishment does not show true parental love. There are times when physical punishment may be necessary. I am sure that the parent who takes his erring youngster to the woodshed is hurt more than the child. And I am also sure that this parent's love runs deeper than the one who overlooks the fundamental necessity of insuring proper discipline.

Parents should realize that they have the basic responsibility for teaching their children to be good citizens. By their direction and cooperation, they help the youngster to "straighten himself out." When reform school is really the answer, we have a sure sign that parents have failed in their duty.

**Mokena PTA
Holds Meeting**

The Mokena Parent-Teachers association is sponsoring an exchange of galoshes, rubbers, gym shoes and ice skates, on Monday night, October 8, from 7 to 9 p.m., at the public school gym.

If you have children and are interested, there are several ways you can participate in this exchange.

First, if you have a pair of galoshes, rubbers, gym shoes or ice skates in good condition, and

if you can make an even exchange.

Second, if you have no pairs to exchange, but wish to buy used rubbers, galoshes or gym shoes, you can do so for a quarter a pair. Ice skates will be sold for more, depending on the condition of the pair.

Third, if you only wish to get rid of galoshes, rubbers, gym shoes or ice skates, that you have lying useless around your house, the PTA will be glad to sell them to those who need them.

The committee running this exchange will be Mrs. Fred

Lehmann, chairman, Mrs. Edward Akers, Mrs. James Murphy. The committee will need to have articles ahead of time so that they can be sorted by sizes and arranged for the exchange. Please drop them off at the public school, at the Lehmann's across from the school, or phone 4561 and someone will pick them up.

COAL IN PEACE AND WAR

In World War I Lloyd George said: "In peace and in war, King Coal is the paramount Lord of Industry. It enters into

every article of consumption and utility." Winston Churchill's paraphrase in World War II was: "War is made with steel and steel is made from coal. Coal is the foundation and, to a very large extent, the measure of our whole war effort."

University of Illinois veterinarians say that a chronic form of fowl cholera may show up in your flock, infected birds may have trouble breathing, become lame, have swollen wattles or just gradually lose weight.

COAL MINED BY NEPTUNE

Because several coal seams outcropped on the shores of the North Sea and were "mined" by wave action and erosion, this fuel was called (sea coal) by the British of the 13th Century. Another reason for the appellation was that London received all its coal by sea traffic. The term is still used in parts of England.

Fractions Count In Acreage Now Says ASC Head

"There is a change from previous practice in the determination of wheat acreages which may somewhat affect the operations of many farmers in this area" Conrad Borms, office manager for the Will county ASC said today.

Under previous programs a fraction of an acre, grown in excess of the allotment or the 15 acres permitted, was disregarded in determining soil bank eligibility and marketing quota penalty. Excess plantings of less than one acre over the allotment were also ignored in determin-

ing compliance for price support purposes.

However, beginning with the 1957 program, acreages will be computed in acres and tenths of acres, and for the purpose of the above eligibility determinations, a farm will be deemed in violation if the measured acreage is one tenth (0.1) acre or more over the allotment or permitted acreage, whichever is applicable.

Mr. Borms also called attention to the fact that farmers may dispose of excess acreage by cutting or pasturing the wheat or turning it under, suf-

Sees Hot Fight On Blue Ballot In Fall Vote

There is going to be a hot battle on the proposed Revenue Amendment to the Illinois Constitution which is to be submitted to Illinois voters on a Blue Ballot at the Nov. 6 general election.

This was indicated at a recent luncheon meeting in Chicago, called by the Taxpayers Information Council, of 50 civic leaders from all over the state. The meeting was an extensive informational campaign to "point out how the proposed amendment opens the door to all types of new taxation including a payroll tax."

At the same time, the Council named its officers. Jack Sundine, editor and co-publisher of the Moline Dispatch is chairman; Robert Fuchs, Chicago attorney, of Johnston, Thompson, Raymond, Mayer and Jenner law firm, vice chairman; and William Sills of Rockford, president of the Civic League of Winnebago county, treasurer. George E. Mahin of Springfield, formerly director of the Illinois Taxpayers Federation, is executive director.

Activity by civic leagues, taxpayer groups, and local chambers of commerce throughout Illinois was outlined as a method to counter act the support of both political parties who have endorsed the Amendment.

Main argument to be used against the Amendment is that it gives the Legislature virtually unlimited power to impose any kind of taxes that it wants, according to Sundine.

"The Legislature is given the power to impose a non-graduated income tax, and Mayor Daley has already stated he intends to seek a payroll tax if the Amendment is adopted. The politicians always want more power to tax, and that is why Governor Stratton and Mayor Daley are leading the campaign for the proposed Amendment."

Mahin pointed out that the completely unlimited power given by the Amendment to the Legislature of classifying personal property means that Springfield will be loaded with lobbyists representing special interest groups seeking advantageous classifications and lower rates if the Amendment is approved.

"The Hodge scandals demonstrate what happens in Springfield when you give public officials too much power," Mahin commented.

Opposing the Amendment which requires approval by a two-thirds margin are the Illinois State Chamber of Commerce, Illinois Manufacturers Association, Illinois Association of Real Estate Boards, Graphic Arts Association, Illinois Junior Chamber of Commerce, and many local taxpayer and civic groups. The Illinois Industrial Union Council, CIO, has also voted to oppose the Amendment.

Opponents also stress that no organization concerned primarily with taxation has endorsed the Amendment. The Taxpayers Federation has taken no position and the Civic Federation which led the campaign for the 1952 Revenue Amendment, has also taken no position.

Farm Housing Loans Are Now Available

Eligible farm owners in Cook county may borrow from the Farmers Home Administration to build or repair farm houses and other essential farm buildings. Robert C. Becker, the agency's county supervisor serving local farm families said today. He said the farm housing loans were made available under recent legislation. A total of \$50,000,000 has been provided for these loans.

Interest on the loans will be 4 percent per year on the unpaid principal. Repayments will be scheduled over periods up to 33 years. A housing loan will be secured by a mortgage on the borrower's farm.

The agency expects applicants to obtain the building plans and specifications for the improvements to be financed with the loans. To help the borrower obtain construction that meets generally accepted standards of soundness, the Farmers Home Administration will review the plans and inspect the construction as it progresses.

The local Farmers Home Administration county committee will determine whether or not an applicant is eligible for a housing loan. To be eligible, an applicant must be the owner of a farm, be unable to obtain suitable credit for dwellings and other buildings from other lenders, and have enough income from the farm or other sources to meet family living and farm operating expenses and repay his debts.

Farm housing loans are made under the authority of Title V of the Housing Act of 1949, as amended.

Further information on the loans may be obtained at the county office of the Farmers Home Administration located at 110½ E. Jackson st., Woodstock.

Girl Scout News

Brownie News

The members of Brownie troop 460, in accordance with their policy of 'much to do about a lot of things' spent a busy week just past. Their meeting of Sept. 25 was a cook-out with 100% attendance. The girls prepared their meal under the supervision of Mrs. Sidney Feiwel and Mrs. Stanley Sterkowitz, leader and co-leader. Also assisting in leadership was their hostess for the day, Mrs. Robert Lillie of 6624 Pine Point. The Menu included hamburgers, carrots, potatoes, pudding, cup cakes and a beverage. The 17 members of the troop gave a unanimous vote of thanks to Mr. and Mrs. Lillie for permitting them to use their facilities.

On Saturday the same enthusiastic girls met at Mrs. Sterkowitz's home and then went on to spend a riotous afternoon at the roller rink.

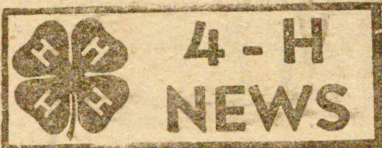

Girl Scouts

The South Cook County council of Girl Scouts has announced that it has a great need for new volunteer personnel to work on the various central committees of the council. The South Cook County council is nine years old and has approximately 8000 Girl Scouts and some 500 troops. The central committees handle the administration of this large organization.

The working committees that need help right now include the training committee which arranges for the various training courses for the Girl Scout leaders, committee members and the like, and the program committee whose business is to maintain standards and coordinate activities for the Brownie Scouts (7 to 10 years old), the Intermediate Scouts (10 to 13 years old) and the Senior Scouts (high school age) in the 57 communities of the South Cook county council. There are also openings on the finance committee which advises the board on sound financial management and the public relations committee which would like to expand its program to use the radio and the speakers' bureau as well as the various local newspapers. The camping committee needs more help in administering the many

day camps, the troop camp and Camp Manistee in Michigan. All of these camps are active and the troop camp at Thorn Creek is a year around operation.

There will be two special orientation meetings on October 25 in the Girl Scout office, 15306 Center, Harvey, at 1:30 p.m. and at 8 p.m. The Council urges anyone who is interested either in knowing more about the Girl Scout organization or in volunteering to help the council to attend one of these two sessions.

CLOVER BELLES

The Clover Belles 4-H club met at Margie Andres' home Sept. 28, Patty Grote presiding.

The money and ribbons won at the 4-H fair were distributed. New officers for the ensuing year elected were: President, Barbara Schilling; vice president, Beverly Bettenhausen; secretary, Patty Grote; recreation, Bonny Hogue and Margie Andres.

Two new members were present, Gail Snyder and Jean Schilling. It was agreed to hold the meetings hereafter on the second Friday of each month.

Games were played and refreshments served by Margie and her mother. The next meeting will be at Beverly Bettenhausen's home, Friday, Oct. 12 at 7:30 p.m.

Helping Hand 4-H

The Helping Hand 4-H club held a "get acquainted" evening Sept. 28 at the home of their leader, rs. LeRoy Bauman. Seventeen girls and eleven mothers were present.

The evening was spent in getting acquainted with the 4-H organization and discussing the variety of projects for the coming year. Officers were nominated.

The first scheduled meeting of the 1956-57 year will be held October 12 at Mrs. Bauman's home.

P.T.A. News

Tinley PTA

A PTA meeting will be held Friday evening, Oct. 5, at 8 p.m. in the Tinley Park school auditorium. Colors will be posted by Cub Scout Pack No. 272. Invocation will be given by the Rev. Glenn Ames.

There will be a panel discussion and question period on current village problems after the regular business meeting.

The PTA membership drive is still open. All who wish to join will have the opportunity at the meeting. Mrs. Elmer Knutsen, membership chairman, will be present to enroll those interested. Subscriptions for the Parent Teacher magazine are still available by contacting Mrs. Rose Barton, publications chair man.

Hostesses for the evening will be the seventh grade mothers. Bake sale goods will be provided by the second grade mothers.

Fifty four room mothers, under the chairmanship of Mesdames Kenneth Schmudde, ways and means; Irwin Johnson room mothers and Warren Ecklund, recreation, will assist to make this project a success.

SOUTHWEST COUNCIL

The Southwestern area council, PTA, Dist. 19, met Sept. 25 at the Quin school, in Worth.

Mrs. Walter Fierke, Tinley Park, president, presented Mrs. Walter Dohl, Jr., budget and finance chairman. The budget for the 1956-57 season was presented and approved.

sented and approved.

Mrs. Raymond Hammar, Midlothian, was appointed safety chairman.

Mrs. P. L. Jochum, program chairman, presented the program theme: "Councils for Counsel." Three of the chairmen, Mrs. Harlan Jeffrey, Mrs. Carl Knopp and Walter Fierke, explained the function of their offices and how the local units could benefit from them.

Mr. Fierke discussed the Blue Ballot which will be voted on Nov. 6.

District 19 fall conference will be held Oct. 19 at Bremen High school. Otis Keeler, state public relations chairman of the Illinois Congress of Parents and Teachers, will speak on "How do you know you have a good school?" Eight round tables will be conducted. Luncheon will be served and a nursery will be provided for small children.

NOT IN NOTTINGHAM?

Air pollution was a problem in the 13th Century, when the wife of King Henry III refused to live in Nottingham, England, because of smoke. Nowadays, since it is an established fact that smoke can be eliminated through proper firing and equipment, scientific research is being directed primarily at other air pollutants.

Highlights Of Farm Life

By W. F. Whiteside
Cook Co. Asst. Farm Advisor

Charles Fletcher and I looked over the grain sorghum variety trial on the Emil Hampel farm at 115th st. and Ridgeland. Mr. Hampel has done a good job of caring for the trial and it looks like we will get some definite conclusions. Not much can be said right now. The most mature variety right now is Reliance. The least matured is Nebraska 17 which is also the tallest, being approximately 7 feet. The other varieties range in height from 2 feet to 5 feet, with the average about 4 feet. Several varieties have very large, compact heads. Others have open heads. We will try to evaluate these varieties further at harvest time.

The Chairman of the Community Agricultural Stabilization and Conservation committee met in their County Convention last week. Purpose of the Convention was to elect the County ASC committee. The results of that election are: Carl M. Bormet, Tinley Park, chairman; Elmer Wente, Palatine, vice chairman; Ernest Hahn, Palatine, member. First and second alternates are Henry Andresen, Orland Park and Donald Linnehan, Arlington Heights.

The County ASC committee administer the Agricultural Conservation Program, the acreage allotment and corn storage program, the Sugar Act, the Wool Incentive Program, and the Soil Bank Program.

I spent a day in Yorkville with other counties in this area looking over 4-H record books. We selected State Project Honor and Outstanding Members and recommended the best records for further consideration at the State level. I would like to pass on to all Cook County 4-Hers a comment made by the committee judging records from this county. "The records of your 4-H members are very good. They set their standards high. Someone over there is doing a fine job." The word someone should have been omitted. I believe that credit is due all 4-H leaders, members and parents. Twenty-one State Outstanding members and thirty-four State Project Honor members were selected from Agricultural 4-H members. They will be honored at the County Achievement meeting November 1, 1956.

Transplanting or resetting peony plants occasionally restores their vigor. This can be done up to October 10th. Plant peonies in a sunny place. They require fertile soil and good drainage.

To transplant, cut off stem at the ground, and dig up the roots. Remove the soil from around the roots. With a sharp knife, cut the roots into pieces containing three to five strong buds or eyes, leaving a generous portion of fleshy root on each. Plant the roots at once. After the soil freezes, place a mulch over the roots to keep soil frozen until spring.

An adjustable weatherproof socket or cluster of sockets with reflector flood bulbs mounted on a pole near your fuel storage will speed the job of servicing your tractor and equipment during the short days of corn-picking time.

More than 90,000 corn pickers will harvest a bumper corn crop in Illinois this fall, and about 200 farmers will pay for this crop with lost arms, legs and lives. Machine farming is dangerous! But like all accidents, most of these can be prevented!

Corn pickers in top operating condition save lives. A wrong-working picker increases clogging and other hazards of corn harvesting that farmers need to guard against. Machine farming is dangerous! But worn parts and machinery without shields make it more dangerous.

An increase of 60 percent in total spendable income per person plus a population increase of 25 percent in the next 25 years could mean an increase of about 40 percent in consumer demand for farm products. However, if the present increase of about 2 percent a year in production continues, we can easily keep pace with the increase in demand.

Claims Some Auto Insurance Firms "Hold Thumb on Scale"

(Community News Service)
If you are buying your automobile on a time payment, you should check the possibility that you have been overcharged for your collision insurance.

That's the advice of the National Better Business Bureau, which says a number of insurance companies affiliated with automobile finance companies have been guilty of overcharging their policyholders.

The Better Business Bureau says these policyholders have in many cases been charged the rate for those households which include a driver under 25 years of age—where, in fact the car owner and those who drive the insurance company.

is as much as \$75, the bureau reports.

If at the time you bought your car, you were asked the ages of all who would drive it, the chances are you were charged the proper rate. The better business bureau says. If there are drivers of your car under age 25, of course, you are probably paying a fair insurance rate.

But if your car is driven only by older people and you were not asked to furnish this information, you may be a victim of overcharging, and the better business bureau advises you to take the matter up with your

Allowances Teaches Self-Discipline

Merely telling your child how to spend his money is not enough, says Marguerite Briggs University of Illinois child development specialist. He learns to handle money thru actual experience with it.

Miss Briggs suggests that you handle your child's allowance in the following ways:

See that he gets his money promptly on a specific day. With younger children it's especially important to give them their money just before they spend it. But don't hold back or postpone it because of bad behavior.

Don't allot all of the allowance for regular expenses. Let the child use some of it to buy things of his own choice or to save.

If possible, the amount should be comparable to what his friends receive. As your child

grows in responsibility, increase the size of his allowance and his freedom to use it.

Talk over purchases together. don't nag him when he makes an unwise purchase. Teach him to keep track of his money so that he can see how he has spent it. Then he can plan how he wants to spend it in the future.

Encourage him to earn extra weeks so that he can buy some money and to save for a few thing he really wants. Regular household duties are a part of his family responsibility; he shouldn't expect to be paid for doing them.

Honor Sanitary District Trustee

William Tuttle, Mokena Electrician Becomes Contractor

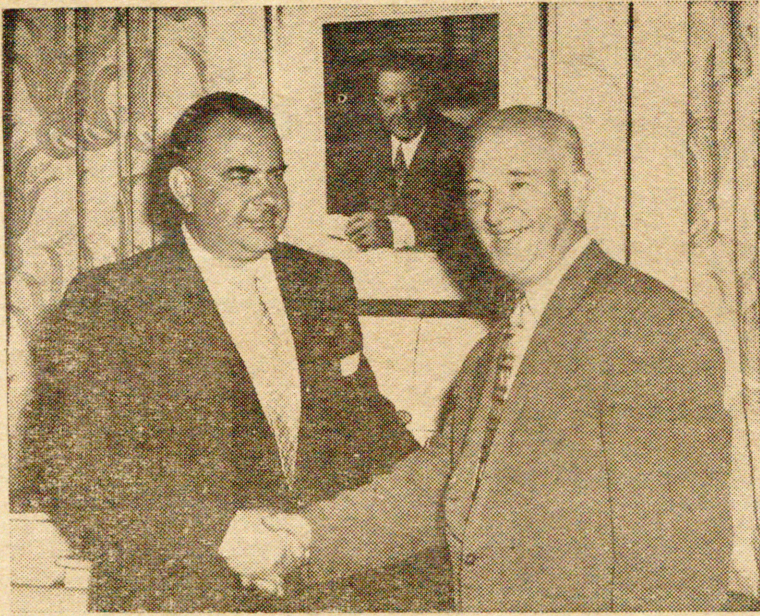

Will Tuttle, who resides at 134 Mokena st., Mokena, has embarked on a career as an electrical contractor and until he finds suitable shop and office space his home address will serve as his business address too.

Mr. Tuttle, who has been working as an electrician for the past 10 years, is a graduate of the DeForest School of Electronics. He has resided in Mokena for the past three years but has lived all his life in the area having been brought up on a farm between Mokena and Orland Park. His stepfather and mother, Mr. and Mrs. Louis Schmitt reside at Alpine, and his wife's parents, Mr. and Mrs. Albert Lorenz live in Frankfort. The Tuttles have three girls and a boy.

Tuttle is prepared to serve as a contractor for home, commercial or industrial electrical jobs, new work, remodeling or repairs. He has wired homes for several different general contractors and in Chicago he spent several years in heavy industrial electrical work including a long connection with Hot Point.

Experience and training qualify him for the business in which he has embarked, Tuttle pointed out.

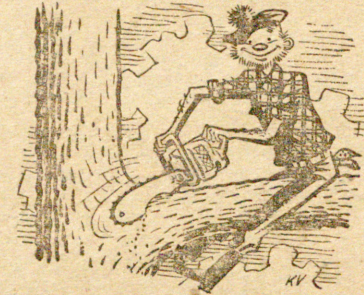

A forage harvester with the highest capacity of any in the world—45 tons an hour—was introduced recently by New Holland Machine Company.

William S. Nordburg (right) trustee, Metropolitan Sanitary District of Greater Chicago, is publicly honored for his work as a Trustee of the Sanitary District in an announcement by Don R. Grimes, president, Independent Grocers' Alliance (IGA Stores) of the formation of a citizens committee of 150 civic, service and business leaders who will campaign for Trustee Nordburg's reelection. He is a Republican.

Trustee Nordburg has lived in Winnetka for over 35 years and is the only Sanitary District candidate on either ticket who lives in the suburbs.

Commonwealth Edison Co. of Chicago burns 30 thousand tons of coal every day. This tonnage would fill more than 400 railroad hopper cars of 70-ton capacity.

(Continued from page 1)
timat of costs the results of the survey will be submitted to the people.

New Lenox not only will need a water and sewer system but it also will have to have a sewage treatment plant. New Lenox, Frankfort and Mokena are all charged with shunting some sewage into Hickory creek and the state health department says this has to cease.

Joliet is spending money now on a sewage treatment plant and also on an east side sewer system which is part of a flood control plan for Hickory creek. Joliet officials say their proposed east side sewer system will prevent sewage from that community passing into Hickory creek and they don't want any coming in from neighboring communities. The state has promised Joliet to cooperate with it in this regard.

Outlying communities are going to find it expensive to build sewer systems and sewage disposal plants but state health officers indicate that they will have the job to do whether it is expensive or not.

A Crystal Lake engineering firm, Baxter and Woodman, is to make the preliminary plans for New Lenox. A representative of the firm was at the meeting of the New Lenox village board last night. Formal beginning of the survey will depend upon the formal signing of an agreement between the village and the housing and home finance agency.

The village to be advanced to the village is a grant in the sense that in the event plans are completed and then are not put to use—that is to say the people should turn thumbs down on the proposed improvement—the federal government would not expect to be repaid. If the improvements are begun then the amount advanced by the government must be repaid. It would be taken out of the bond issue necessary to finance the project.

There is also a chance for communities that can qualify to obtain federal grants that can be used to pay a portion of the costs of sewage disposal plants. Such grants would not be loans.

New Lenox, Mokena and Frankfort are reported to be taking the necessary steps to determine if they can qualify for such grants.

Students May Enter State Competition

Illinois Industrial education students will have a chance to display their talent next April 12-13 at the Illinois State armory in Springfield when the Illinois Industrial Education clubs present their Student Project fair.

The fair, a state-wide exhibit and competition of industrial education student projects, will be open to all Illinois public and parochial students, grades

9-12, who are enrolled in industrial education courses.

Student projects may be entered in eight classifications: drawing, electrical, graphic arts, machine shop, general metals, wood, crafts and open. Prizes will consist of college scholarships, U. S. Savings Bonds, honorary pins and certificates.

In addition to prizes, the winners in each of sixteen divisions will have their projects sent free to the national judging of Ford Motor Company's Industrial Arts Awards competition in Dearborn, Michigan.

The Illinois Industrial Education clubs are the first U. S. student youth organization to sponsor a state-wide fair of this type. Other states have conducted fairs, but with adult supervision. The purpose of this fair has been described as a means of developing among high school youth a greater appreciation of craftsmanship and a

greater interest in industrial education.
